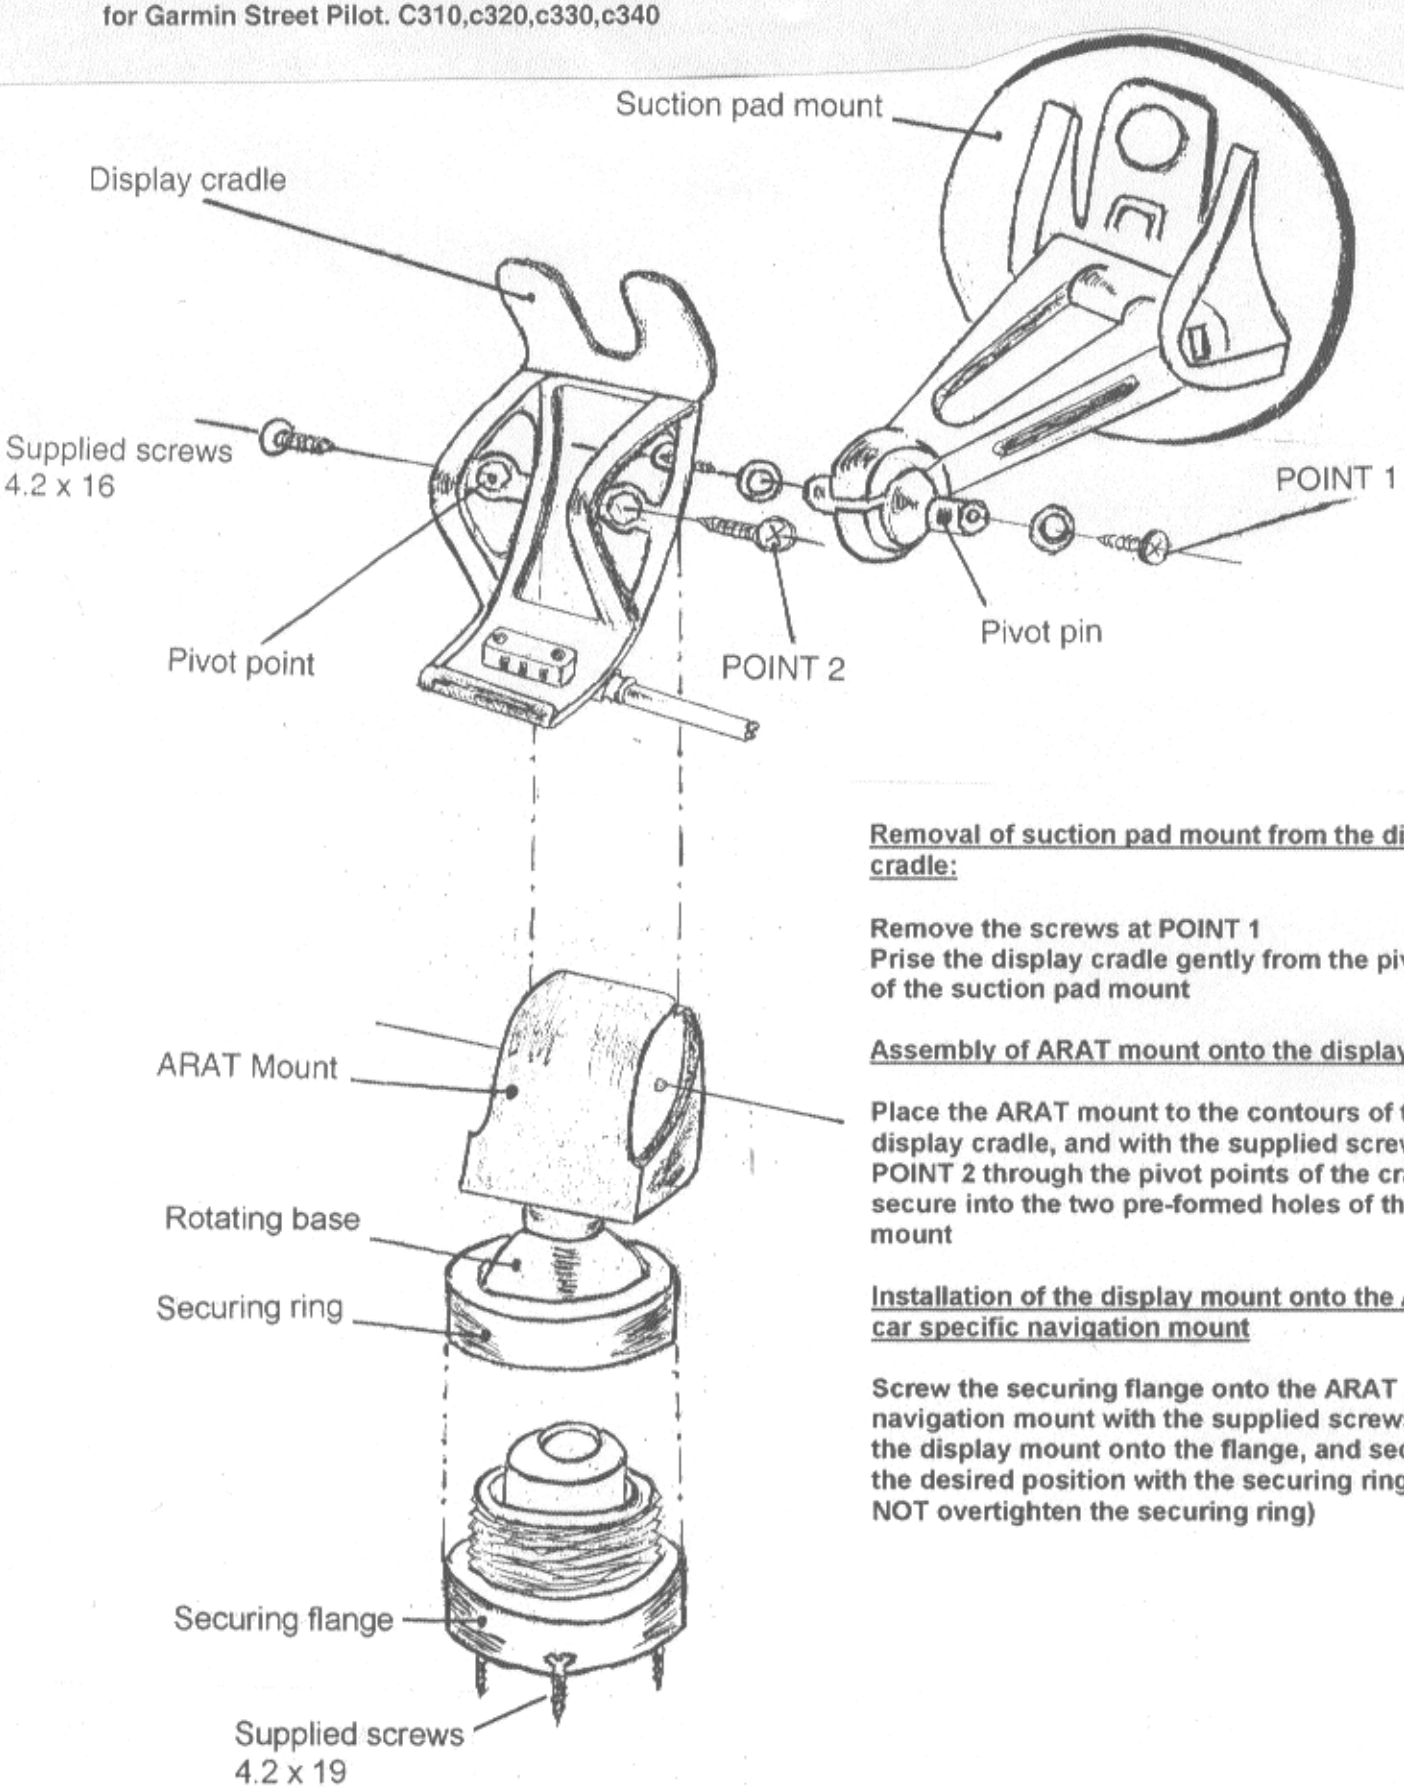
Installation instruction

ARAT Special display mount for Navigation Systems

Part-No.: NS 1577
for Garmin Street Pilot. C310,c320,c330,c340



Removal of suction pad mount from the display cradle:

Remove the screws at POINT 1
Prise the display cradle gently from the pivot pins of the suction pad mount

Assembly of ARAT mount onto the display cradle

Place the ARAT mount to the contours of the display cradle, and with the supplied screws at POINT 2 through the pivot points of the cradle secure into the two pre-formed holes of the ARAT mount

Installation of the display mount onto the ARAT car specific navigation mount

Screw the securing flange onto the ARAT navigation mount with the supplied screws. Screw the display mount onto the flange, and secure into the desired position with the securing ring (DO NOT overtighten the securing ring)
